this collection contains 300 greek maxims and proverbs accompanied by their counterparts in eight european languages english french german italian spanish swedish dutch and russian the introduction relates the history the origin and the importance of proverbs it also includes a short chapter on the use of proverbs in english german french italian spanish and modern greek literature this book is a useful companion both for translators and interpreters a vade mecum not only for them but also for every learner of the above mentioned european languages

this book explores african philosophic sagacity or wisdom philosophy as proposed by odera oruka in his four trends in current african philosophy 1981 which he later expanded to six trends 1998 oruka defines philosophic sagacity as wisdom philosophy or philosophy of the wise men of africa who are independent liberal and non conformist thinkers and who often deviate from the accepted common norms of their societies this book takes philosophic sagacity discourse beyond oruka s definition by encompassing traditional wise sayings and proverbs it combines individual liberal thinkers and the communal ideas and cherishes both rational and emotional engagement offering a broader understanding of african philosophic sagacity wilfred lajul opens the door for new researchers to venture into the study of african languages wisdom sayings and proverbs and helps to unveil the content of this philosophy from the perspective of different african societies

americans have a gift for coining proverbs a picture is worth a thousand words was not as you might imagine the product of ancient chinese wisdom it was actually minted by advertising executive fred barnard in a 1921 advertisement for printer s ink magazine after all americans are first and foremost a practical people and proverbs can be loosely defined as pithy statements that are generally accepted as true and useful the next logical step would be to gather all of this wisdom together for a truly american celebration of shrewd advice a dictionary of american proverbs is the first major collection of proverbs in the english language based on oral sources

rather than written ones listed alphabetically according to their most significant key word it features over 15 000 entries including uniquely american proverbs that have never before been recorded as well as thousands of traditional proverbs that have found their way into american speech from classical biblical british continental european and american literature based on the fieldwork conducted over thirty years by the american dialect society this volume is complete with historical references to the earliest written sources and supplies variants and recorded geographical distribution after each proverb many surprised await the reader in this vast treasure trove of wit and wisdom collected here are nuggets of popular wisdom on all aspects of american life weather agriculture travel money business food neighbors friends manners government politics law health education religion music song and dance and to further enhance browsing pleasure the editors have provided a detailed guide to the use of the work while it s true that many of our best known proverbs have been supplied by the ever present anonymous many more can be attributed to some very famous americans like ernest hemingway abraham lincoln benjamin franklin mark twain j pierpont morgan thomas alva edison abigail adams and ralph waldo emerson to name but a few offered in this fascinating collection who wouldn t want to know the origin of the opera ain t over till the fat lady sings this uniquely american proverb and many more are gathered together in a dictionary of american proverbs a great resource for students and scholars of literature psychology folklore linguistics anthropology and cultural history this endlessly intriguing volume is also a delightful companion for anyone with an interest in american culture

this is the first detailed study that critically compares and contrasts the wisdom sentences of the book of proverbs with classical and post classical arabic proverbs reference is also made to current arabic proverbs the wisdom tradition of solomon is examined and is compared to that of the arab sage luqm n the book deals with three main themes that are of special significance both in the book of proverbs and in arabic proverbial works royalty speech and silence wealth and poverty the book concludes with a study of some form critical and traditio historical aspects of the treated proverbs hundreds of classical arabic proverbs and wisdom sayings of prophet muhammad appear for the first time in english

the companion bible by e w bullinger is an invaluable resource for bible students and scholars alike this comprehensive study bible features extensive notes appendices and cross references that provide deep insights into the meaning and context of the scriptures whether you are a seasoned theologian or a curious layperson the companion bible will enhance your understanding and appreciation of god s word note this volume contains bullinger s notes but not the text of the bible itself it is designed to be used as a guide along your preferred bible translation

this handbook introduces key elements of the philological research area called paremiology the study of proverbs it presents the main subject area as well as the current status of paremiological research the basic notions among others include defining proverbs main proverb features origin collecting and categorization of proverbs each chapter is written by a leading scholar specialist in their area of proverbial research since the book represents a measured balance between the popular and scientific approach it is recommended to a wide readership including experienced and budding scholars students of linguistics as well as other professionals interested in the study of proverbs

the wisdom of many explores research on proverbs of many cultures more than twenty essays written by scholars of such diverse disciplines as folklore literature psychology linguistics and anthropology illustrate the significance of traditional proverbs and trace variations of proverbs over time drawing on african chinese spanish finnish irish and yiddish examples
