t his book examines the world confronted by the men of an american combat division during the vietnam war although the unit in question is the 25th infantry division this is not a unit history or standard military chronology instead i try to view all of the major parts

of the soldiers world including subjects as diverse as climate living conditions deadly combat and morale the world inhabited by the soldiers of the 25th division was not theirs alone the men and women who served with other frontline units in vietnam will immediately recognize the major landmarks using the 25th division as a focal point i hope to help the people of today better understand what the vietnam war was like in fact not fiction this work is based on a variety of sources the documentary foundations come from a great number of 25th division records generated during the war the most important of which are the large quarterly division reports they in turn are complemented by the quarterly reports that came from ii field force vietnam the army headquarters for the units operating in the provinces near saigon the center of military history department of the army provided these documents to me while i was doing research on the village war in a vietnamese province i used this research to write the dynamics of defeat the vietnam war in hau Nghia province westview press 1991 which deals with the political and military struggle waged by both sides in an important part of the 25th division s area of operations

this groundbreaking study offers a major reinterpretation of american strategy during the first half of the vietnam war gregory a daddis argues senior military leaders developed a comprehensive campaign strategy one not confined to attrition of enemy forces this innovative work is a must for a genuine understanding of the vietnam war

the complicated truth about american hero joe ronnie hooper widely acclaimed as the vietnam war s most highly decorated soldier is set against the turbulent backdrop of the 1960s and 1970s and draws on extensive interviews with friends family members and military colleagues in a definitive study by the author of a cool breeze on the underground

wars are not fought by politicians and generals they are fought by soldiers written by a combat veteran of the vietnam war not a

gentleman s war is about such soldiers a gritty against the grain defense of the much maligned junior officer conventional wisdom holds that the junior officer in vietnam was a no talent poorly trained unmotivated soldier typified by lt william calley of my lai infamy drawing on oral histories after action reports diaries letters and other archival sources ron milam debunks this view demonstrating that most of the lieutenants who served in combat performed their duties well and effectively serving with great skill dedication and commitment to the men they led milam s narrative provides a vivid on the ground portrait of what the platoon leader faced training his men keeping racial tensions at bay and preventing alcohol and drug abuse all in a war without fronts yet despite these obstacles junior officers performed admirably as documented by field reports and evaluations of their superior officers more than 5 000 junior officers died in vietnam all of them had volunteered to lead men in battle based on meticulous and wide ranging research this book provides a much needed serious treatment of these men the only such study in print shedding new light on the longest war in american history

the american culture of war presents a sweeping critical examination of every major american war of the late 20th century world war ii korea vietnam the first and second persian gulf wars through to operation enduring freedom lewis deftly traces the evolution of us military strategy offering an original and provocative look at the motives people and governments used to wage war the debates among military personnel the flawed political policies that guided military strategy and the civilian perceptions that characterized each conflict now in its second edition the american culture of war has been completely revised and updated new features include completely revised and updated chapters structured to facilitate students ability to compare conflicts new chapters on operation iraqi freedom and the current conflict in afghanistan new conclusion discussing the american culture of war and the future of warfare over fifty maps photographs and images to help students visualize material expanded companion website with additional pedagogical material for both students and researchers the american culture of war is a unique and invaluable survey of over seventy years of american military

history perfect for any student of america s modern wars for additional information and classroom resources please visit the american culture of war companion website at routledge.com/cw/lewis

when american and south vietnamese forces led by general creighton abrams launched an attack into neutral cambodia in 1970 the invasion ignited a firestorm of violent antiwar protests throughout the united states dealing yet another blow to nixon s troubled presidency but as john shaw shows the campaign also proved to be a major military success most histories of the vietnam war either give the cambodian invasion short shrift or merely criticize it for its political fallout thus neglecting one of the campaign s key dimensions approaching the subject from a distinctly military perspective shaw shows how this carefully planned and executed offensive provided essential support for nixon s decent interval and peace with honor strategies by eliminating north vietnamese sanctuaries and supply bases located less than a hundred miles from saigon and by pushing communist troops off the vietnamese border despite the political cloud under which the operation was conducted shaw argues that it was not only the best of available choices but one of the most successful operations of the entire war sustaining light casualties while protecting american troop withdrawal and buying time for nixon s pacification and vietnamization strategies he also shows how the united states took full advantage of fortuitous events such as the overthrow of cambodia s prince sihanouk the redeployment of north vietnamese forces and the late arrival of spring monsoons although critics of the operation have protested that the north vietnamese never did attack out of cambodia shaw makes a persuasive case that the near border threat was very real and imminent in the end he contends the campaign effectively precluded any major north vietnamese military operations for over a year based on exhaustive research and a deep analysis of the invasion s objectives planning organization and operations shaw s shrewd study encourages a newfound respect for one of america s genuine military successes during the war

it has been estimated that during the first world war 75 000 french soldiers were killed or maimed by friendly fire the euphemism commonly used for being killed by one s own colleagues or allies presumably in error as recently as the gulf war the heaviest british casualties suffered in a single engagement were caused when us forces fired at british armoured vehicles killing nine of the men inside a quarter of all american casualties in 1991 were caused by other american soldiers how can this happen how widespread is it to what extent is the problem covered up

the first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts america

but these questions are asked again in the hope that they might lead to a better understanding of what my lai means for us now

a vivid novel about a week of crime in a small florida town set against the backdrop of the 1968 assassination of martin luther king jr researching the era and its events 25 years later an investigative reporter uncovers some astonishing links part detective story part evocation of the sixties this novel reverberates with history and the human comedy

this collection of fourteen scholarly essays offer interpretations of the trade situation in asia from the perspective of asian professionals who have received their advanced degrees in america their unique background in addition to their multi disciplinary approach provides the reader with new insight contributors include stories previously unrevealed by asian ceo s and trade representatives this text is a strong compilation combining personal experience with new research methods
